My Water Advisor

You can monitor your water meter usage in the customer portal.

<https://mywateradvisor2.com/>

Click the "Join My Water Advisor" tab.

Click the "Sign up with my Account number" tab.

Use Acct. # 00-00000-000 found on your water bill.

Your full name: JON Q CUSTOMER in CAPS as it appears on your bill.

From there you'll be able to input your info and create a password.

After this process you'll be able to see all your usages and be able to set yourself notifications on your water usage.

There is also a google/iphone app. Mywateradvisor2

Construction Updates

We have completed relocating the waterlines on Parker Rd. for the Tx DOT roadway expansion project. On Paul Wilson, Skyview and Spencer we have also completed work for the Collin County Park Boulevard project and on Lynda Lane for the City of Wylie widening project. Wylie Northeast has future plans to upgrade the waterline on Skyview to Hwy 78.

Employee Spotlight

Chester Adams has been the General Manager at Wylie NE SUD for 13 years. He has been in the water and wastewater industry for 30+ years. He began his career as a water meter reader in 1993. He has been married for 28 years, is the father of 4 sons, and has 3 grandchildren. Chester also coaches sports at the youth level and is the public address announcer in his home town.

Protect Your Drains

As the holiday season approaches, please remember to dispose of your grease properly and don't flush disposable wipes down the toilet.
